These Terms and Conditions for Short-Term Barge Sub-Charter Agreement are incorporated into and made a part of the Specifications for Short-Term Bareboat Charter (collectively, the "Charter Party") as signed by the Parties.

WITNESSETH

WITNESS: The vessel subject to the Charter Party is described and identified in the Specifications for Short-Term Barge Sub-Charter Agreement, hereinafter referred to as the "Vessel." Intracoastal Marine, LLC and Sub-Charterer agree that the Vessel shall be bareboat chartered by Intracoastal Marine, LLC to Sub-Charterer in accordance with the Short-Term Barge Sub-Charter Agreement Specifications ("Specifications") and on the terms and conditions set forth herein below.

NOW, THEREFORE: In consideration of the premises and of the mutual promises and undertakings set forth in this Charter Party and of the Charter Hire provided for, Intracoastal Marine, LLC charters the Vessel by demise to Sub-Charterer, and Sub-Charterer takes, and hires said Vessel, "as-is" and "where-is" all upon the following terms, provisions and conditions.

1. CHARTER BY DEMISE: It is understood and agreed by and between the parties, subject to the provisions set forth below, that Intracoastal Marine, LLC relinquishes, and Sub-Charterer assumes, with respect to the Vessel, responsibility, liability and benefit of and for the use, control and operation of the Vessel during the Charter Term, and that Sub-Charterer shall, and does specifically assume responsibility for all costs, expenses, taxes or assessments, fees, penalties, demurrage, damages, claims, liens or other charges of any kind arising, directly or indirectly, from, or in any manner attributable to, the use, operation, place or places of use or operation, maintenance or condition of the Vessel from and after the time of delivery to Sub-Charterer, to and including the time of actual redelivery to Intracoastal Marine, LLC as provided for in this Charter Party.

2. CHARTER TERM:

2.1 – The Charter Term, and any renewals, are set forth in the Specifications.

2.2 – Unless the Charter Term is otherwise extended by agreement of the parties, in the event Sub-Charterer fails or neglects to redeliver the Vessel as provided for in this Specifications, at or prior to the expiration of the Charter Term, then in such event, the term of this Charter Party shall be deemed extended for a period commencing with the day and date next following the date upon which redelivery was otherwise due, and end upon the day and date upon which the Vessel is redelivered at the place of redelivery designated, and all terms and provisions of the Charter Party shall continue in full force and effect throughout this period, except as specified below.

2.3 Intracoastal Marine, LLC may at its sole discretion, cancel the Charter with 30-days' notice to the Sub-Charterer.

3. CHARTER HIRE:

3.1 - The Sub-Charterer shall pay to Intracoastal Marine, LLC at:

Intracoastal Marine, LLC

500 Barnes Road

Chesapeake, VA 23324

for the use and hire of the Vessel for and during the whole of the initial Charter Term, Charter Hire in the amount set forth in the Specifications. Such Charter Hire shall be paid monthly in advance and payable commencing with the first day of the first month following delivery of the Vessel.

3.2 - All sums due under this Charter Party by way of Charter Hire, if unpaid when due, shall bear interest from the date it became due under this Charter Party until paid in full at an annual rate of twelve (12) percent. All sums due under this Charter Party other than by way of Charter Hire, if unpaid when due, shall bear interest from the date upon which Intracoastal Marine, LLC sends written notice to Sub-Charterer, setting forth the nature and amount of such unpaid sums, until such time as the same shall be fully paid at an annual rate of twelve (12) percent.

3.3 - Any provision of this Charter Party to the contrary notwithstanding, no notice given by Sub-Charterer purporting to affect the term of this Charter Party shall be effective for that purpose, nor relieve Sub-Charterer from its duties and obligations hereunder, nor abrogate the provisions of this Charter Party relating to automatic extension of the Charter Term above, unless at or prior to the time such notification Sub-Charterer shall have paid in full all sums then due by way of Charter Hire in accordance with the foregoing provisions of this Section 3.

4. DELIVERY AND REDELIVERY: The Vessel shall be delivered to Sub-Charterer by Intracoastal Marine, LLC upon commencement of the Charter term at the Delivery Location contained the Specifications, or at such location as may be otherwise agreed.

Sub-Charterer shall have the absolute and unconditional duty and obligation to redeliver the Vessel in accordance with, and subject to the provisions in this Charter Party respecting redelivery at the expiration of the Charter Term at the Redelivery Location set forth in the Specifications, or at such location as may be otherwise agreed unless the Vessel shall have become a total loss, actual or constructive, and Intracoastal Marine, LLC shall have been paid in full. If the Vessel becomes an actual total loss or is declared to be a constructive total loss under the terms of any insurance policy, Intracoastal Marine, LLC shall within ten (10) days following receipt of a written request from Sub-Charterer or from interested underwriters, forthwith tender a Notice of Abandonment of the Vessel. From the date the request for Intracoastal Marine, LLC's Notice of Abandonment is received by Sub-Charterer, Sub-Charterer's obligation for the payment of further hire shall terminate.

5. SURVEYS:

5.1 - The Vessel is being chartered "as-is, where-is." However, Sub-Charterer shall, at its sole expense, perform an on-hire survey of the Vessel by a marine surveyor of its choosing, giving Intracoastal Marine, LLC the right to attend and observe prior to the date of delivery of the Vessel, and Intracoastal Marine, LLC shall be provided with a written copy of the surveyor's report within ten days of performance of the survey. If, as of the date of delivery, the on-hire survey has not been made, documenting any discrepancies in the vessel's condition, then it shall be presumed and mutually agreed that the vessel is in all respects seaworthy and suitable for its intended use by Sub-Charterer.

5.2 - Sub-Charterer shall at its sole expense, perform an off-hire survey before, at, or as soon as practicable after the expiration of the Charter Term by a marine surveyor of its choosing. Should it be determined, as a result of comparison between conditions noted at the time of the off-hire survey and at the time of the on-hire survey, that Sub-Charterer has failed to perform any of the obligations on its part with respect to the care, maintenance or use of the Vessel as required by this Charter Party, Intracoastal Marine, LLC shall have the option, but shall not be required, to refuse redelivery of the Vessel until such time as Sub-Charterer has fully cured, at its expense, the conditions determined to have occurred in whole or in part as a result of such failure by Sub-Charterer. If Sub-Charterer did not perform an "on-hire" survey, then all discrepancies in the condition of the vessel not due to ordinary wear-and tear shall be for Sub-Charterer's account and shall be repaired at Sub-Charterer's expense. Whether Intracoastal Marine, LLC has refused redelivery, unless the parties shall otherwise in writing agree, Sub-Charterer shall be bound to continue payment of Charter Hire as prescribed at Section 3 until such time as such conditions have been corrected in full.

5.3 - In addition to the surveys above, it is expressly understood and agreed that Intracoastal Marine, LLC may

arrange periodic condition surveys at Intracoastal Marine, LLC's expense, with 14 days' notice to Sub-Charterer. These surveys will be timed so as to not interrupt or impede the business operations of Sub-Charterer in any way.

5.4 - Either party may also seek additional surveys of the Vessel. The cost of additional surveys shall be borne by the ordering party and shall not interrupt or interfere with the business operations of the Sub-Charterer in any way. Expenses attendant to any survey for the purpose of determining the nature and extent of, or corrective measures to be undertaken with respect to, damages in fact sustained by the Vessel which are chargeable, in whole or in part, to Sub-Charterer pursuant to the terms of this Charter Party shall be borne in full by Sub-Charterer whether or not requested or procured by or upon behalf of, Sub-Charterer. The Intracoastal Marine, LLC will not order damage surveys unless Sub-Charterer fails to furnish evidence of satisfactory repairs.

6. USE OF THE VESSEL; LIENS PROHIBITED:

6.1 - The Vessel shall not be operated or employed in any service or to any purposes which it is unreasonable or imprudent to use, operate or employ it, nor in which the Vessel is unsuited by design, age or condition, nor shall the Vessel be operated or berthed other than in the navigable waters of the UNITED STATES and for ocean transportation of cargo, subject always to any and all limitations, conditions or restrictions herein and/or contained in any policy of insurance procured by Intracoastal Marine, LLC in accordance with the provisions of Section 9. Sub-Charterer shall not knowingly permit the Vessel to be placed, used, operated, or berthed in any place or places where the Vessel may not, at all times and under all conditions of tide or otherwise safely lie afloat.

6.2 – Sub-Charterer shall neither carry nor permit to be placed or carried in or upon the Vessel any cargo, thing, or substance which, due to composition, size, shape or weight constitutes hazard to the Vessel, it's safe operation or equipment under any circumstance. Sub-Charterer shall not force ice.

6.3 – Sub-Charterer shall neither use nor operate the Vessel, nor shall Sub-Charterer permit the use or operation of the Vessel, in violation of any state, federal, local or municipal law, ordinance, or regulation, nor in violation of the laws of any foreign government having or acquiring jurisdiction.

6.4 - The Vessel is unmanned and hired without crew or master and shall be operated by Sub-Charterer with qualified crew who shall be licensed in accordance with U.S. Coast Guard requirements. Sub-Charterer shall be solely responsible to procure, renew and maintain all documents, certificates, certifications and licenses (as well as all and any surveys, inspections or approvals) required for purposes of enabling Vessel to be used or operated during the Charter Term, whether such requirements are imposed by the ABS, USCG, Interstate Commerce Commission, United States Maritime Administration or any other authority having or purporting to have the authority to regulate, control or approve the use, employment, operation, condition or state of repair of the Vessel and any components or appurtenances thereof, all at the sole expense of Sub-Charterer.

6.5 - Neither the Sub-Charterer, nor any person having or claiming the right to manage, control or possess the Vessel (except Intracoastal Marine, LLC), shall have the right, power or authority to contract for, create, incur, permit or suffer to be imposed upon the Vessel any lien or charge whatsoever. Intracoastal Marine, LLC shall be the sole party empowered to pledge the credit of the Vessel for any purpose.

7. SUB-CHARTERER TO PROVIDE: Sub-Charterer (except during the period when the Vessel is off-hire) shall pay for all fuel and lube oil consumed. Sub-Charterer shall also pay for all crew wages, port charges, light dues, dock dues, assist boats, taxes, canal dues, pilotage, consular and agency fees (except for crew services) and wharfage.

8. ASSIGNMENT AND SUB-CHARTER PROHIBITED; INTRACOASTAL MARINE, LLC'S RIGHT TO TERMINATE: Neither this Charter Party nor any right, title or interest herein shall be assigned or transferred by Sub-Charterer, whether by operation of law, sub-charter or otherwise, nor shall any right, title or interest in the Vessel created hereunder be assigned or transferred by Sub-Charterer, whether by operation of law, sub-charter or otherwise, without the written consent of Intracoastal Marine, LLC having been first obtained. Any such transfer or assignment made in the absence of consent shall be utterly null, void and without effect and shall not impose upon Intracoastal Marine, LLC any duty or obligation. In no event shall any assignment, transfer, sub charter of any description or other disposition, whether or not consented to by Intracoastal Marine, LLC, be deemed, construed or effective to impair in any manner whatsoever Intracoastal Marine, LLC's right and prerogatives as provided for in this Charter Party. Further, whether Sub-Charterer shall have obtained Intracoastal Marine, LLC's consent to any such transfer or assignment, no such assignment or transfer, whether effected by operation of law, sub-charter or otherwise, shall relieve Sub-Charterer in any degree of any duty or obligation imposed upon, or assumed by, it or on its part to be performed.

9. MAINTENANCE AND REPAIR, DAMAGE TO VESSEL:

9.1 - Sub-Charterer accepts delivery of the Vessel from Intracoastal Marine, LLC "as is" and by acceptance of delivery, acknowledges the Vessel to be fit for any and all purposes Sub-Charterer intends. Sub-Charterer acknowledges that Intracoastal Marine, LLC hereby specifically disclaims any and all warranties, whether express or implied, concerning the seaworthiness of the Vessel at any time following its delivery or concerning its suitability, at any time or under any circumstances whatsoever, for any uses or operations to which the Vessel is put or committed by, or on behalf of, Sub-Charterer or with respect to the carrying capability or deadweight capacity.

9.2 - During the whole of the Charter Term, Sub-Charterer shall, at its sole expense and account, exercise reasonable diligence under all circumstance to maintain the Vessel in as good order and condition as it is upon delivery by Intracoastal Marine, LLC to Sub-Charterer under this Charter Party and shall, upon conclusion of the Charter Term, redeliver same in such condition to Intracoastal Marine, LLC, excepting ordinary wear and tear resulting from Sub-Charterer's use and operation of the Vessel in conformity with the provisions and limitations contained in Sections 5 and 6. Without limiting the generality of the foregoing, it is specifically understood and agreed that Sub-Charterer shall, at its expense, take such measures as shall be reasonably necessary and appropriate to prevent exposure of all component parts of the Vessel to, and repair any deterioration thereof caused by corrosion, rust, and/or electrolysis and, further, that it will, at all times during the term of this Charter Party, and upon redelivery, keep and maintain the Vessel in such condition as shall be required to procure, maintain and insure the continuing validity of the documents, certificates, certifications and licenses relating to the same described above all at Sub-Charterer's sole cost and expense.

9.3 - Subject to the limitations set forth in Section 6, Sub-Charterer shall have the right to install additional equipment in or upon the Vessel as it deems desirable for its own uses and purposes, and shall remove such equipment at or before the conclusion of the Charter Term and repair all damage caused by the installation, use or removal of such equipment. Should Sub-Charterer fail, upon redelivery of the Vessel, to have removed any equipment, Intracoastal Marine, LLC shall thereupon succeed to ownership of this equipment and, at its option, may remove and retain the equipment as its own property, in which event the cost of removal and repair of any damages shall be for the account of Sub-Charterer. In the alternative, Intracoastal Marine, LLC may retain the equipment as installed as its own property.

10. DUTIES OF MASTER: Subject to all other terms of this Charter, Sub-Charterer shall be exclusively responsible for the navigation and operation of the Vessel and for the towage of any tow, and for employing a properly qualified and licensed captain and crew.
